

13 September 2019

Dr Peter Sharman, FAFOEM
Director of Practice
Hobart Occupational Medicine
201 Davey Street
SOUTH HOBART 7004

Dear Dr Sharman

Re: Accreditation Decision of Hobart Occupational Medicine

On behalf of the Faculty Training Committee in Occupational & Environmental Medicine (the Committee), I write to advise you of the decision following the accreditation assessment of Hobart Occupational Medicine.

The Committee having reviewed the Accreditation Assessment Form and supporting documents have determined that the training setting is granted Accreditation for five (5) years.

Please find accreditation details below:

Committee	Faculty Training Committee
Faculty	Australasian Faculty of Occupational & Environmental Medicine (AFOEM)
Accreditation status	Accredited
Accreditation effective from - to	August 2019 – August 2024
Duration of accreditation	5 years
Year of review	2023

The Faculty Training Committee wishes to thank you for your continued support of the Occupational & Environmental Medicine Advanced Physician Training Program and is committed to keeping the standards of training of physicians at a high level. Please ensure that the Committee is informed of any progress the clinic is making, or changes at the training setting that could potentially affect AFOEM Training.

For your information, a copy of the [Reconsideration, Review and Appeals Process](#) can be found on the College website. If you are planning on lodging an application, you must do so within 28 days from date of this letter.

Should you require further information please do not hesitate to contact me or the College on 1300 69 727 or email the Site Accreditation Unit Accreditation@racp.edu.au.

Yours sincerely

Dr Armand Casolin, FAFOEM
Chair
Faculty Training Committee in Occupational & Environmental Medicine
